EDGAR N. MAYER GETS THREE YEARS

HE PLEADS GUILTY HERE THIS MORNING

To the Charge of Having Passed a Check on the Bower City Bank for \$220—High Testimonials Read Favoring the Prisoner—Will Reduce His Sentence Six Months.

For passing a forged check on the Bower City Bank of this city for \$220 last October 24, Edgar N. Mayer, of Charleston, West Virginia, pleaded guilty this morning in the municipal court and was sentenced by Judge Fifield to three years at hard labor at the state's prison at Waupun.

When asked if he had anything to say Mayer stood before the bar of justice and with tears rolling down his cheeks stated that he had never before been in any trouble, and that for eight years he worked for one firm. He stated that a man by the name of Gentry had been the cause of his ruin, and that this same man was recently sent to the state's prison from Oshkosh for four and a half years on the charge of forgery.

Judge Fifield then administered a talk to the prisoner that was in the nature of good advice that he will do well to follow on his release from prison. He stated that the crime of passing forged checks was one that involved the business interests of the whole world, and that it would ruin society were it continued, for the great business of the country is carried on by checks. His honor then stated that he believed Gentry was the most to blame of the two.

Attorney Charles C. Russell, of Winans and Russell, appeared in behalf of the prisoner, and made a short but most impressive plea in his behalf. He used several interesting documents that had been sent here by prominent West Virginia residents who had known the Mayer family and the defendant personally for many years. These testimonials spoke in the highest term of the prisoner, told how he had always been regarded at home as an upright and honest young man. One was from the clerk of the Putnam county court, who stated that he had known Mayer for five years, and that he had the highest regard for him.

J. W. Miller, a justice of the peace at Windfield, wrote a lengthy letter stating that Mayer was always regarded at home as an upright young man, and that he came from one of the oldest and best families in the state.

The prisoner was an Odd Fellow in good standing, having joined the order at Charleston on Sept. 15, 1896.

Mr. Mayer, father of the prisoner, was sent to Buenos Ayres as consul of the United States, and was at one time attorney general of the state of West Virginia.

The prisoner was arrested at the Great Northern hotel in Chicago a few weeks ago, is but twenty-four years of age and is a handsome and well-appearing fellow. His case is a particularly sad one, and those in court this morning felt sorry that one of his family and surroundings should fall from grace as he has done.

Mayer, if he behaves himself, will reduce his sentence to two years and six months.

MURPHY HAD A GOOD CROWD

Temperance Apostle Entertains a Large Audience Last Evening.

Another crowded house greeted Francis Murphy at the armory last evening—an audience composed for the most part of our best citizens with a sprinkling of those who are very seldom seen at a temperance gathering. The hall was well heated and comfortable, and consequently there was a better feeling among the listeners.

Mr. Murphy's address was characteristic of the man—fervent exhortation to his hearers to lead lives of consecration to God, eschewing everything evil, especially the intoxicating cup; earnest pleading for those who most feel the evils of the liquor traffic—the women and children of the land; and pathetic incidents that have come under his observation illustrating the evils of intemperance. He kept the attention of the audience throughout his address, and at its close several hundred persons came forward and signed the pledge of total abstinence.

The meetings will be continued for a week longer, and the usual week-night meetings at the several churches will be dispensed with in order to allow all who desire to do so to attend.

San Francisco, Dec. 13.—Francis L. Stuart and Theodore Merriman, who have had charge of one of the surveying parties of the Nicaragua canal commission since Dec. 1, 1897, have arrived here en route to Washington. Mr. Stuart says: "Personally I am a strong advocate of the Lake Nicaragua and San Juan river route. There is another scheme on foot to follow the San Juan river from Lake Nicaragua east fifty miles to Machuca rapids, and then cut ditch 100 miles long to Greytown. The latter is an ambitious scheme, and, while it would be a good road, I prefer the lake and river line. The people of Nicaragua want the United States to construct the canal. I found them extremely friendly about the matter."

CHOATE FOR THE COURT OF ST. JAMES

HAS BEEN SELECTED AS AMBASSADOR TO ENGLAND.

Is an Eminent Pleader and Constitutional Lawyer of New York—His Ample Fortune Will Enable Him to Maintain the Dignity of the Position Acceptably.

Washington, Dec. 13.—[Special]—There is much satisfaction here over the reported selection of Joseph H. Choate as ambassador to the court of St. James. Mr. Choate has long enjoyed a high standing at the New York bar both as a pleader and as a constitutional lawyer. He is a son of Rufus Choate. It is universally conceded that he possesses all the qualifications necessary in an ambassador to a first-class power with

JOSEPH H. CHOATE.

whom our commercial and political relations are intimate and important. He is not a politician in the strict sense of the word, although always taking a keen interest in public affairs. He is of a diplomatic turn of mind, and is exceedingly popular among those who know him best. He is quite wealthy and could afford to maintain the dignity of the position for which he has been mentioned without embarrassment.

The salary of the position is comparatively small, and will not pay the expenses of an ambassador; hence the necessity of finding a man for the place with an ample private fortune. All who know Mr. Choate are confident that he will prove one of the ablest, most efficient and creditable representatives the United States ever had in England.

FATHER HECKERISMS

They Will Not Be Condemned But Modified By the Roman Church.

Rome, Dec. 13.—[Special]—The papal authorities say it will probably be decided not to issue an encyclical with regard to Americanism in the church, but that a letter will be sent to Cardinal Gibbons not disapproving of Americanism but separating it from the theological doctrines of Father Hecker with limitations and reservations, especially concerning his doctrine of the internal mission of the Holy Ghost.

DEATH OF MRS. JANE DOWSE

An Old Resident of Rock County Passes Away at Porter.

Mrs. Jane Dowse died yesterday afternoon at 2:25 o'clock at the residence of her daughter in the town of Porter. She was 82 years, 2 months and 2 days old, and had been a resident of Rock county for over thirty years. She leaves seven children, four sons and three daughters, to mourn her loss.

Funeral services will be held Thursday at 1:30 p.m. from her daughter's residence. The interment will be in Oak Hill cemetery.

By Straits of Magellan.

San Francisco, Cal., Dec. 13.—The steamer City of Panama, which has arrived from Central American ports, brings the news that the Pacific Steam Navigation company and the Cia Sud American de Vapors have completed arrangements by which a weekly service between Valparaiso, Panama and Ocos will begin at once. It is believed that the steamer Arequipa has left Valparaiso and is expected at Panama on the 15th inst. This weekly service will carry merchandise for Europe via the Straits of Magellan and will make connections with all the Central American coffee districts.

LOOKING FOR A FOREIGN ALLIANCE

SENATOR DAVIS' PROPOSITION CREATES MUCH COMMENT.

An Agreement Between the United States, Great Britain and Japan Among the Possibilities—Many Circumstances Seem to Favor It—Difficulties in the Way.

Washington, Dec. 13.—[Special]—The talk of Senator Cushman K. Davis, one of the peace commissioners at Paris, and chairman of the senate committee on foreign relations, about the probability of an alliance between the United States, Great Britain and Japan, has set the tongues to wagging here. There are some who agree with Mr. Davis that such an alliance is possible and will result in great advantage to all three of the powers concerned, but there are others who laugh at the idea and pronounce it impractical and absurd. Irish-Americans are especially opposed to such an agreement. They declare that it is impossible—that the large Irish element in the United States would never agree to such a combination. Great Britain, they assert, is the most dangerous to human freedom among the nations, and the United States can have nothing in common with her. Nevertheless circumstances seem to be shaping themselves in the direction of such an alliance. It is no secret that both Great Britain and Japan desire it. They recognize the United States as the most progressive and aggressive of nations, whose future can only be measured by its opportunities, and these promise to be great.

The officials here are extremely reticent on the subject and refuse to commit themselves. The fact is admitted that if we are to maintain our influence in the Pacific islands an alliance with some foreign power must be effected, and Great Britain is the only power of commanding influence with which such an alliance is possible. The proposition, however, involves many difficulties, both political and commercial, and will not be considered hastily.

It is not probable that any steps looking towards any foreign alliance will be taken by the present congress, and it may be years before it can be consummated. Yet it is evident that events are tending in the direction indicated.

TERRIFIC SLAUGHTER

Nine Workmen Killed and Eight Badly Injured By a Train Near Buffalo.

Buffalo, Dec. 13.—[Special]—John Warner and eight Italians and Poles were instantly killed and eight other Italians severely injured near Looneyville today. The bodies were brought to Buffalo. The unfortunate men stepped out of the way of an approaching freight train and stepped directly in front of a passenger train on the other track.

upon retiring from his office at the university. He has authorized the positive statement that he would not withdraw his resignation handed to the corporation or governing body Nov. 17.

To Enter Up the Triple Alliance.

Rome, Dec. 13.—Count di Nigris, the Italian ambassador to Austria, in the senate declared that Austria and Germany approve of the Italian policy in Cretan affairs—affairs from the administration of which those powers have long since withdrawn. Nigris' words, confirmed, as they were, by Senator Canevaro, minister of foreign affairs, show the necessity that exists of affirming the continued harmony of the powers in the triple alliance, which lately has been a subject of much doubt.

Cashier Steele Convicted.

Philadelphia, Dec. 13.—W. A. Steele, formerly cashier of the collapsed Chestnut Street National bank, was found guilty Monday by a jury in the United States district court. Steele was charged with aiding and abetting the late William M. Singerly, president of the bank, in misappropriating the funds of the institution and making false reports to the comptroller of the currency.

TROUBLE FEARED AT CUBAN CAPITAL

MUCH TURBULENCE AMONG PEOPLE AT HAVANA.

A Strong Army Will Be Required to Keep Them in Subjection—Admiral Dewey Is Not Prostrated by Over-work—Spanish Chambers to be Dissolved.

Washington, Dec. 13.—[Special]—The turbulence at Havana will have the effect of hastening the occupation of the city by American troops. The populace is impatient of restraint, and the slightest occurrence is liable to precipitate a riot, as was shown when the theaters were closed last night out of respect for the memory of Gen. Garcia. The Spanish troops remaining here have but slight influence over the population, and many seem to regard the coming of the Americans as the beginning of an era of license. The task of governing the city will be no easy one. It will require a firm hand tempered with consideration, to control the unruly element of which the population is composed.

RIOTING IN HAVANA.

Disturbed Conditions May Hustle the American Occupation.

Washington, Dec. 13.—[Special]—A dispatch received by the war department from Havana confirms the press reports of riots here. The effect of such occurrences as that of Sunday will be to hasten the absolute occupation by the United States.

DEWEY IS ALL RIGHT

No Truth in the Report That His Health is Failing.

Washington, Dec. 13.—[Special]—It is stated at the navy department that no intimation has been received there that the strain is finally telling on Dewey. However, should Dewey request a recall his wishes will be acceded to.

CAPOTE SUCCEEDS GARCIA.

Appointed Vice-President of the Cuban Revolutionary Commission.

Washington, Dec. 13.—[Special]—A Havana cablegram says: Mendez Capote, formerly vice president of the Cuban revolutionary government, has been appointed president of the Cuban commission now in Washington, vice Garcia.

Madrid, Dec. 13.—[Special]—It is reported that Sagasta will obtain a decree dissolving the chamber before ratification of the peace treaty.

GARCIA LAID TO REST

Cuban Patriot Interred at Washington With High Military Honors.

Washington, Dec. 13.—[Special]—The remains of Garcia were laid to rest in Arlington cemetery this morning. Many notable persons followed the remains to the church and burial ground. Two batteries of artillery acted as escort. Archbishop Ireland delivered a pathetic funeral sermon. The honorary pall bearers were Secretary Hay, Gens. Miles, Shafter and Wheeler, Senators Thurston, Money, Mason, and Hon. John Proctor. The active bearers were eight noncommissioned officers from Washington barracks.

Madrid, Dec. 13.—[Special]—The death of Garcia caused a sensation here. Most newspapers refer to it guardedly.

Must Send Spanish Home.

Washington, Dec. 13.—The quartermaster's department of the army is now called upon to face the very formidable task of transporting from the Philippines all the Spanish soldiers who constitute the garrisons of the islands. There are about 15,000 of these, according to the best information possessed by the war department. To carry the Santiago soldiers home cost \$513,860, and it is expected the Philippine service cannot be rendered for much less than double that sum, owing to the great distance of transportation.

Pleasant Words from Germany.

Berlin, Dec. 13.—Herr Richter, radical, in the Reichstag on Monday alluded to President McKinley's message, and expressed the hope that the negotiations for a commercial treaty with the United States would soon be concluded. Referring to the Spanish-American war, Herr Richter declared that the sympathies of the German people were not with Spain. He also took occasion to demand that increased facilities be afforded for the importation of American meats.

Iowa's Immense Crop.

Des Moines, Dec. 13.—The aggregate value of the soil products of Iowa for this year will not be less than \$225,000,000, according to the report of Director Sage of the Iowa weather and crop service. Corn yielded 289,214,850 bushels, averaging 34.5 bushels per acre, and in many counties the yield was far above previous estimates. About 10 per cent is unmerchantable. The total of spring wheat is 19,152,352 bushels; winter wheat 3,168,916 bushels; oats, 139,915,346 bushels.

W. A. Spinney and his family who leave Beloit, Wednesday noon to make their home in Milwaukee. Mr. Spinney having become pastor of the South Baptist church of that city. During the evening Prof. C. HAD A DANGEROUS FALL DOWN A CHUTE

NEIL SULLIVAN NARROWLY ESCAPES INSTANT DEATH.

Falls Forty Feet to the Block Pavement Beneath—Was at Work in the Hay Loft of McCue's Livery Stable—He Escapes Serious Injury Miraculously.

Yesterday afternoon at 3:30 o'clock while Neil Sullivan was at work in the hay loft of McCue's livery barn on Bluff street he accidentally stepped into a chute which was concealed by hay and was precipitated to the block pavement forty feet below. He lay for several minutes in an unconscious condition, and when picked up it was thought he had sustained fatal injuries. He was taken to the home of his mother, Mrs. Timothy Sullivan, 201 North Bluff street, and Dr. W. H. Judd was called, who found that his hurts, although serious, were not necessarily fatal. He is suffering acute pain from internal injuries, and will probably be confined to the house for several days.

His escape from fatal injury was almost miraculous. Under ordinary circumstances the fall would have been instantly fatal. As it was he landed upon his feet, and although severely shaken up his vital organs escaped serious injury.

Salt Rheum Has Disappeared

How It Was Cured.

"Salt rheum appeared on one of my wrists, extending nearly to the elbow. It troubled me for a year. Then it disappeared from this arm and came out on my other wrist and arm, also on my face and head and different parts of my body. The itching was beyond description. No medicine that I tried would do me any good. One day I got a bottle of Hood's Sarsaparilla and began taking it. I found it helped me. I procured another and when I had taken it the itching was relieved, and the third bottle cured the eczema on my face and head. Hood's Sarsaparilla keeps my system toned up and gives me a good appetite." C. E. HAINES, Aitkin, Minnesota.

He has been learning what the neuralgia is like, and says he now has it well learned. Died, on Tuesday, December 6, at her home in the town of Porter, one mile north of Fulton village, Mrs. Sarah Atwood, wife of S. Atwood. The funeral was held at the house and a large circle of friends gathered to pay their last respects to one who has lived in our midst for about thirty years, and was beloved by all who knew her. Mrs. Atwood's maiden name was Sarah Saxby. She was a daughter of Stephen Saxby and wife, who lived on the farm near Fulton for thirty years or more. She leaves a husband and an aged mother to mourn her loss, also three brothers and two sisters. We learn that Harry Pratt was married last week to Miss Carrie Hellison. They are both well known along the line. We all join in wishing them well. We are going over to see if we can make a change with Harry. We have got a table, a chair and a stove to trade for his bicycle. Rev. Mr. Reed of Fulton, preached the funeral sermon of Mrs. Atwood, Thursday. Chester Gilley, who lives one mile south of our line in the town of Porter, was married on Wednesday evening to Miss Hodge, of Kansas. William Attlesey threshed for Charles Garey on Tuesday and Wednesday of last week. It was nice cool weather for threshing, and when we remember how we sweat threshing in hot weather last fall we wonder that all the people do not wait till winter for such work. Jay Shaw seems to be on the road nearly every day putting in tank heaters. We can't imagine where he finds a sale for so many. We supposed nearly every one had a heater who had a tank. Hans Iverson sold his steers last week for four cents per pound. Alfred Watson delivered a nice lot of fat hogs Thursday for \$3.10 per hundred weight. Frank Walker has another carload of wood for sale. He has sold several car loads this winter of very nice dry wood for only \$5 per cord delivered at any reasonable distance. Mr. Dodge, the hustling nursery agent, of Fulton, is selling trees and plants and seems to be doing a good business in our neighborhood. W. B. Wentworth, one mile north of the line, has been making improvements on his farms in the shape of corn cribs and hog houses. On Friday of last week as I sat by the window sewing I counted fourteen loads of wood and eleven loads of hay going towards Edgerton. Who says the farmer is not busy even in the winter. Charles Garey will have his large house well filled on Wednesday evening if the weather is favorable. He is to give an oyster supper and the proceeds are to be used for the benefit of the church. Let all the people along the line turn out and help Charley in his good work. Preparations are being made for a Christmas tree in our church on Christmas eve. There was about twenty rabbit hunters on our big marsh Sunday, but we failed to see only three dead rabbits. Herman Manthe and family spent Sunday with friends in Edgerton. Carl Carlson has a new boy and he feels as big over it as it is possible for one man to feel. We would like to tell the readers how cold it is, but suppose the majority of them has found it out.

Mr. Elisha Berry, of this place, says he never had anything do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this liniment, which affords prompt relief. -B. F. Baker, druggist, St. Paul, Minn. For sale by People's Drug Co.

Of the meat business are many and devours. The butcher who promises you tenderloin, but does not give them to you is probably not always at fault. He can't give them to you if he hasn't them to give. Much depends on buying the proper kind of stock. We understand every kind in the trade, know where and how to buy with the intent of giving just the kind of meat to our customers they desire. Our trade increases daily so it must be so.

In New York, street fruit vendors are rapidly attaining wisdom, and consequently, riches. They now use paper mache bananas for display on their stands, and fill the open portion of the roasters with wooden peanuts. The street gaminos do not steal the counterfeit fruit, and as the policemen cannot eat the pine peanuts, the curbstone merchants are getting wealthy.

POETRY OF THE KITCHEN

Cook at the Myers Takes an Ambitious Flight with Pegasus.

The following poem was written by the pastry cook at Hotel Myers, in intervals between serving of the viands to hungry and impudent guests. It will be pronounced by all, one of the most remarkable of modern products.

"Good morning, man, said he to her,

"This I've come to ask:

"What is your pudding for today?

"This to me is quite a task.

The name that you have given it

Is very much astray;

For Cuba's way off there, you see,

And the other's not that way."

The pastry cook in some surprise

Took down her bill-of-fare,

And looking in his face she said,

"That pudding's on the square."

Said he, "The combination's wrong;

Would you correct the two?"

She looked into his face again

And said "Yes, sir, I do."

And then he turned him round and round

And again began to stare.

When all this was put together,

It made a pudding rich and rare;

So the cook said she would make the name

Combine, just to be fair.

But the printer, he was angry,

And began to puff and blow;

He said "That pudding's name is wrong,"

And said "I would never do."

Said he "that pastry cook's a goose

She's but just come to town

I think I'll just take a walk

And go and call her down."

So off into this kitchen

This printer he did go

With all his wail and woe,

And said the combination's wrong,

But went out with a whoop!

Now printers all warning take

When you get up wrong end too,

Don't get revenge by calling down

A pastry cook on two.

Especially one that's only been

In town a day or two.

For cooks, they are not all alike,

Some are of a different hue.

They do not puff, they do not blow,

Their work is hard, 'tis true,

But when it comes right to the point,

They're just as good as you.

So when you go to call one down,

Don't go in with a whoop!

Or just as like as not that you'll

Will go out wrong end too.

A Word to the Wise

Regarding the purchase of

Christmas Candies.

Do not buy cheap grocery store candies, even if they do come in ton lots. Generally, the larger the lot, the cheaper the grade of candy. For the sake of a few cents do not run the risk of injuring the health of your children by giving them adulterated goods. When you see candies advertised for less than the raw material costs for pure candy, you may be sure they are not pure. Our experience has been to buy the best goods we can for the money. Our motto is "Not how Cheap, but how Good." We buy from the best factories in the northwest and can sell pure candy as cheap as anyone. Call and see us and be convinced.

MILITARY COMPANY ABOUT COMPLETE

SIXTY-FIVE MEMBERS ARE
NOW CERTAIN.

The Foremost Young Men of the City
Have Pledged Themselves For Mem-
bership—Fifty-Three Already Se-
cured—Will Rent the Armory and
Sign Themselves Company A.

Since the mustering out of Co. A,
First Wisconsin Regiment, in this city,
at the close of the late war, there has
been a strong movement here to organ-
ize a new company with an entire new
staff of officers. Untiring efforts on the
part of interested ones of late have
brought about the formation of a com-
pany here that the citizens of Janesville
may well feel proud of.

Sixty-five volunteers were needed,
and to secure these men there was but
little trouble involved, for any number
were only too willing to enlist. To se-
cure the representative young men of
the city was the aim of those in charge,
and that they have now carried out their
plans there seems to be but little doubt,
and by tomorrow evening the required
number will be in the hands of the com-
mittee in charge.

At a late hour this afternoon the fol-
lowing fifty-three names had been en-
rolled:

Messrs—
George G. Paris, Victor P. Richardson,
R. J. McNeil, A. P. Burnham,
Fred C. Church, T. J. Anderson,
H. W. Slawson, Frank C. Bloedel,
H. T. Litzkow, Charles C. Hanson,
N. J. Harrington, Charles H. Johnson,
C. C. Doversen, R. J. Sarusy,
William Schmitt, Charles H. Gago,
F. W. Blakely, Frank Sanner,
J. B. Griffin, John F. Baumann,
E. S. Carpenter, Ed. E. Spaulding,
L. T. Clark, S. D. Peterson,
C. B. Dunham, D. J. Cannon,
Fred G. Cook, J. P. Dwyer,
E. N. Butterfield, Charles E. Church,
A. L. McIntosh, M. A. Cunningham,
R. J. Hart, W. W. Monies,
P. D. Champion, Harry E. Morse,
L. E. Johnson, Otto E. Smith, Jr.,
Albert V. Willis, S. B. Echlin,
H. S. Swift, Chas. E. Tallman,
V. D. Atwood, H. C. Homingway,
Charles Dunn, E. A. Eugenbreton,
Chester L. Brewer, M. J. Stanton,
H. M. Joyce, Jr., E. V. Whiton, Jr.,
Frank A. Sutherland, H. W. Scott,

This week the list of members will be
forwarded to Governor Scofield for his
approval, and then a ten-day notice will
be given the members notifying them
of the coming of the mustering officer.

The new company will be known as
Co. A, and will rent the Armory as
headquarters.

Equipment and clothing will be issued
immediately after the reorganization of
the local company and this will be en-
tirely new. It is thought that the na-
tional government will provide the state
troops with Krag-Jorgenson rifles and
equipments soon, as the new arms are
being turned out rapidly and already a
move is under way to secure the modern
rifle for the guard.

There is now no doubt but another
Wisconsin National Guard will be es-
tablished before the beginning of a new
year. Many companies are now form-
ing at different points in the state and
where the work has not yet advanced to
that stage the preliminary steps have
been taken.

Several years ago Janesville had one
of the crack military organizations of
the west, and at that time she was fore-
most in giving the social functions of
the day. Several members of the new
company now organizing belonged in
those days.

The citizens of Janesville will join in
wishing the new Co. A the best of suc-
cess.

PRAISE CONGRESSMAN COOPER

Milwaukee Daily News, Democratic, Has
Kind Words For Him

The Milwaukee Daily News, democra-
tic, commends Congressman Cooper in
an editorial. The News says, in part:

Congressman Cooper, of Racine, who
by reason of seniority was entitled to
the chairmanship of the committee on
rivers and harbors of the house of rep-
resentatives, was turned down by
Speaker Reed and the republican mem-
bers of the committee. Congressman
Burton was named to the chair-
manship.

"It is notorious that Congressman
Cooper was denied the promotion, to
which he was entitled, because he had
opposed the schemes of the Southern
Pacific railroad to plunder the govern-
ment. Cooper was defeated because he
opposed and defeated the project to
spend \$3,000,000 of government funds
in improving the harbor of Santa Monica,
Cal., where the Southern Pacific
owns extensive property. The improve-
ment of this harbor would be entirely
for the benefit of this railroad.

The government engineers who sur-
veyed the harbor disapproved the
scheme. Cooper's opposition prevented
it.

"Now this influence has had its re-
venge. Cooper is denied that which is
due him and another promoted over his
head. It is no disgrace to Mr. Cooper.
He should feel honored by defeat
through the rotten influence of the
Huntington lobby. * * *. This is
the second time Cooper has defeated
Huntington in his infamous designs. It
was his work that defeated the Hunting-
ton plan of reorganization of the Pacific
railroads by which millions were to be
extorted from the government. Hunt-
ington never forgave that. Then the
defeat of harbor improvement scheme
came. * * * Wisconsin is proud of
her honest congressman from the First
district."

We do not make much on one watch

our immense assortment will please you.

THE PEN COMPANY BUY M'KEY BLOCK

SOUTH MAIN STREET PRO-
PERTY BRINGS \$9,500.

Will occupy the Third and Fourth
Floors and in Time the Second, as a
Factory—Will Move in the Spring—
Several Cities Made Them Tempting
Offers To Move.

The Parker Pen Company, of this
city, have made the purchase of the
McKey block, at No. 17 and 19 South
Main street. The purchase price is
\$9,500.

The building is a four-story brick,
the first story now being occupied by
the Janesville Clothing Company as an
office and factory. The second floor is
rented to Dan Ryan as an undertaking
establishment, the third and fourth
floors being vacant.

The purchase of this piece of well
known business property means much
for the city of Janesville. It means
that the Parker Pen Company will re-
main in Janesville in spite of the many
tempting offers that have been made of
late to secure its removal from this city
to other cities in the state.

In the spring the newly purchased
building will be newly modeled through-
out. It is the intention of the purchasers
to refit the third and fourth floors so
that they may move their factory there
in the spring. The third floor will be
used for offices and shipping depart-
ment, while the factory proper will be
on the fourth floor.

The second floor is held by Mr. Ryan
with a one-year lease, but in time the pen
company will occupy this floor, giv-
ing them three combined floors with a
floor space of 44x85 feet each.

The Janesville Clothing Company have
a ten year lease of the first floor, which
will not in the least interfere with want-
ed space by the pen company, who will find
ample space on the three floors
above.

The opening of spring will find the
Parker Pen company located in the
most model fountain pen factory in
the world.

The purchased building was erected
many years ago, and was first used as a
clothing and dry goods store by McKey
Brothers. For several years the hardware
firm of Hatchett and Sheldon occupied
it.

The first floor is 160 feet deep, and
runs to a rear alley. The property was
owned by Mrs. Henry McKey, now of
Chicago. The Parker Pen company
has already sent the name of Janesville
to every portion of the world inhabited
by civilized man, and that they are one
of the best advertisements that the city
has ever had is admitted by all. The
signing of the peace documents at
Paris with a Parker pen is but another
move on the part of the local firm to
advertise its business and the town.

When they move to their newly pur-
chased quarters they will enter into the
manufacture of type writer ribbons,
paste, and ink that was formerly manu-
factured by the Hull Manufacturing Co.,
of Milton Junction. The Parker com-
pany having recently bought this firm
out. They will also make their own
paper pen boxes.

The company has asked for no bonus,
and remain here of their own accord in
spite of the fact that Rockford, Oshkosh,
Chippewa Falls and Whitewater made
them tempting offers to move.

THE OLD COAT MYSTERY

A Good Play Well Performed Last Even-
ing.

"The Old Coat" was produced at the
Opera House last evening to a very
meager audience. The play was an ex-
cellent one, full of good situations, and
was well acted throughout. The audi-
ence was somewhat lacking in enthusiasm
and the players felt the want of stimula-
tion somewhat.

OUR ARMY ENTERS HAVANA.

Citizens Make No Demonstration
of Welcome.

ARE SILENT BUT CURIOUS.

New York Regiment the First to March
In—Other United States Invading
Soldiers Cheered by Cubans—Ludlow
to Govern Havana.

Havana, Dec. 13.—The Two Hundred and Second New York regiment began to land at 6 o'clock Monday morning, and at 10 o'clock a column about 1,000 strong marched from the San Jose wharf to the Christina railroad station. The troops were led by Col. Seyburn and Maj. Abbott, the regimental band playing simple marching airs. The color sergeants bore the stars and stripes, and the blue and gold banner of the state of New York.

The route, which was a mile and a half long, was the most direct course from the landing place to the railroad station and did not pass through the principal streets. There was only the ordinary number of people in the streets, and it was only occasionally that cries of "Viva Espanol!" "Viva Americanos!" or "Viva Cuba Libre!" were heard. The onlookers were mostly silent and were only curious to see the American soldiers.

The First North Carolina regiment, which arrived here Sunday morning on the United States transport Roumanian, disembarked Monday morning and marched through the city with band and colors to camp at Marianao. By the time the regiment had reached the suburb of Cerro many hundreds of men, women and children were following, all showing deep emotion, the men embracing one another, the women weeping from excessive pleasure and the children shouting endearing names as the North Carolinians marched along.

The troops were amazed at the intensity of feeling displayed. Several hundred Cubans followed the regiment all the way to Marianao, a distance of seven miles. The troops, in heavy marching order, made a fine appearance, reaching the camp about 11 o'clock, where they were soon comfortably installed.

Washington, Dec. 13.—Secretary Alger has designated Gen. Ludlow to act as first military governor of Havana city, with full powers to deal with all local questions. He will leave for his post shortly.

DEWEY MAY RETURN.
Health of the Admiral Seriously Affected
by the Hot Climate.

Manila, Dec. 13.—Admiral Dewey desires to return to America on account of his health, which begins to show the effects of a long period of work and worry in a hot country. For several days he has been under the treatment of the fleet surgeon, who thinks the admiral should go to a colder climate.

Admiral Dewey feels that his presence here is no longer essential, inasmuch as the conduct of future operations will fall chiefly to the army, the navy doing only routine work.

It is thought that the admiral desires to return with the Olympia by way of the Suez canal to New York, the Olympia being replaced by the large cruisers now coming. For the future work of the Philippine fleet it is his opinion that ships of small draught, preferably of the Petrel class, will be most serviceable.

The Spanish gunboat Isla de Cuba, sunk in the engagement of May 1 and recently raised, sailed for Hongkong Sunday. It is expected that the Isla de Luzon and Don Juan de Austria will be ready for service soon.

The American fleet remaining here is considered sufficiently strong to make the presence of the Olympia wholly unessential. One ship filled with Spanish soldiers will leave for Spain within a few days.

Volunteers to Quit Manila.
Washington, Dec. 13.—The war department has begun in earnest the relief of the volunteer troops now stationed at Manila by regulars. The volunteers in Manila will be retired in the order in which they reached that city.

GENTS—I was dreadfully nervous and for relief took your Karl's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleaned my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

TAXATION FOR BENEFITS ONLY.

Important Supreme Court Ruling Regarding Special Assessments.

Washington, Dec. 13.—In the United States supreme court Monday an opinion was handed down by Justice Harlan in the case of the village of Norwood, in the state of Ohio, versus Ellen R. Baker, involving the right of the village to tax abutting property for all the improvements made upon it by the village.

In this instance the village put a street through Mrs. Baker's land and taxed her not only for the land but for the cost of condemnation. Justice Harlan laid down the general proposition that in such cases abutting property could be taxed only to the extent that it was benefited by an improvement and that any more radical action amounted to taking property without due process of law and was therefore unconstitutional.

Justices Brewer, Shiras and Gray united in a dissenting opinion, holding that the opinion was contrary to others on the subject and without precedent.

Indianapolis, Dec. 13.—Feb. 22 there will be held in this city a meeting of the representatives of the populists, prohibitionists, free-silver republicans and socialists of this state with the view of forming the union reform party. The state meeting will be followed by a national gathering of the same character in Cincinnati some time in March.

Admiral Schley Is Better.

New York, Dec. 13.—Admiral Schley, who is confined to his room, suffering from a slight attack of the grip, is reported to be much better.

ONE OF THE BEST FEATURES**OF PYRAMID FILE CURE**

Is the fact that it cures every form of piles without one particle of pain. This desirable point is not obtained by the use of injurious ointments which simply deaden and paralyze the nerves of the parts and make matters worse in the long run. But it is done solely by its remarkable healing and soothing effects.

And while it thus gives immediate relief, at the same time the disease is not merely checked, but a radical cure is rapidly accomplished.

And the point we want to make clear is that all this is done without a particle of pain.

This fact is one reason for the great popularity of the Pyramid File Cure and constitutes one very great difference between it and almost any other kind of treatment for piles.

Every kind of surgical operation for piles is excruciatingly painful besides endangering the life of the patient and in most cases it is not to be compared with the Pyramid Cure, neither in making successful cures without pain nor in cheapness and safety.

The Pyramid File Cure has been before the public too long, and its merits recognized by too many people to allow it to be classed with the many salves, suppositories, pills, etc., and you run no risk in trying it, as is often the case with new and untried preparations.

If you are ever troubled with any form of piles or rectal disease do not forget the Pyramid File Cure. Prepared by the Pyramid Drug Co., Marshall, Mich., and sold by druggists at 50 cts. per package.

KARL'S CLOVER ROOT TEA for constipation. It's the best, and if after using it you don't say so, return the package and get your money. For sale by People's Drug Co.
